

## Neighborhood Cleanup Scheduled for April 24

by Mike Phillips

The Neighborhood Cleanup Day for Field Club is Saturday, April 24. We will once again use the parking lot at Field Club Elementary School. Materials will be accepted from 9:00 am through 2:00 pm. To give our volunteers a little break, this year we will not be the designated site for appliances or tires. Appliances can be taken to Holy Name School, 2901 Fontenelle Blvd., and tires can be taken to the Joslyn Castle Neighborhood Association in the parking lot on 41st Street between Dodge and Davenport. We cannot accept yard waste, rocks or concrete, paint, oil, automotive batteries or pesticides.

We will have vouchers good for one load of yard waste which must be used the day of issuance at River City Recycling, 6404 South 60th St.

If anyone would like to volunteer to help unload materials or if you have questions about the cleanup program, call Mike Phillips at 345-5438, or just show up and pitch in.

It's good exercise and you might find something you need.

## Let's Hear It for Peggy!

After editing our monthly neighborhood newsletter since 1995, Peggy Pavlik has passed the torch. With the occasional able assistance of Val Himes and Susy Westerholm, Peggy has written, edited and assisted with the distribution of our newsletter for almost ten years. Thanks, Peggy, for sharing your journalistic talents with the neighborhood.

The newsletter responsibility was recently passed on to Tony Deeb, who is anxious for input from neighbors. Send articles to [tdeeb@cox.net](mailto:tdeeb@cox.net) or call him at 345-1527.

## Free Automobile Safety Check

Each April, motorists across the United States observe National Car Care Month. This event has earned the endorsement of car mechanics, consumer advocates, federal agencies, and nonprofit organizations because they know that a well maintained car will get better gas mileage, produce lower emissions, conserve energy, make the roads safer, and reduce the overall expense of driving an automobile.

This year local members of the Nebraska Automotive Service Association (ASA) will team up with students and instructors from the Omaha Public Schools Career Center to sponsor a free Safety Maintenance Check. It will be held at the HyVee parking lot at 51st and Center on Sat., April 24th from 11 am until 4 pm, and will benefit the Food Bank of Nebraska.

This is a perfect opportunity for you to have your vehicle safety inspected by professional ASE Certified Technicians for literally a "can of beans." (Of course, cash donations will also be accepted.)

Your car, the Nebraska food bank, and OPS Career Center students will all benefit from the activity. Make plans to attend.
